

## Adjust screws according to your countertops thickness:

Please refer to the ruler in your package.

Counter thickness 6mm - 25mm (1/4"-1") use the bottom screws  
to adjust height.

Counter thickness 20mm-45mm (3/4" - 1 3/4") use the middle screws  
to adjust height.

Counter thickness 45 mm+ (1 3/4"+) use the top screws  
to adjust height.

\* Reminder adjustment must be made around the entire unit
